Feeding Rates

This feed should be fed ad-lib for optimal performance and feed conversion. Using hay, straw or silage for roughage on ad-lib basis

The recommended introduction to this ration is to ensure that the Alpacas are not hungry prior to feeding Kettridges Alpaca pellets and roughage should be provided without restriction.

It is important to ensure good quality, clean water is always available and that troughs are cleaned daily.

Kettridges operates a Quality Management System Feedsafe accreditation No 45
